

# ECDMO 2019

AMSTERDAM, NETHERLANDS

FEBRUARY 16-18, 2019

## GENERAL INFORMATION

2019 3rd European Conference on Design, Modeling and Optimization (ECDMO 2019) aims to provide a forum for researchers, practitioners, and professionals from the industry, academia and government to discourse on research and development, professional practice in design, modeling and optimization technologies. ECDMO 2019 will be held in Amsterdam, Netherlands during February 16-18, 2019. It is one of the leading international conferences for presenting novel and fundamental advances in the fields of design, modeling and optimization. It also serves to foster communication among researchers and practitioners working in a wide variety of scientific areas with a common interest in design, modeling and optimization and related techniques.

### PUBLICATION

**Option 1:** Publication in Conference Proceedings. Submissions will be peer reviewed by conference committees, and accepted papers will be published in the [conference proceedings](#), which will be indexed by [EI Compendex](#), [Scopus](#), etc.

**Option 2:** Publication in Journal. Submissions will be reviewed by both the conference committees and journal editorial board, and accepted papers will be published in [International Journal of Modeling and Optimization](#), which will be indexed by [ProQuest](#), [Crossref](#), [Electronic Journals Library](#), [Google Scholar](#), [EI \(INSPEC, IET\)](#), etc.

### IMPORTANT DATES

**Submission Deadline:** September 25, 2018  
**Acceptance Notification:** October 20, 2018  
**Registration Deadline:** November 10, 2018  
**Conference Date:** February 16-18, 2019

### SUBMISSION METHOD

Please submit [full papers/Abstracts](#) to the Conference via Microsoft Submission system below:

**Electronic Submission System;** (.pdf)

## CALL FOR PAPERS

Design Modeling  
Machine Design  
Design of Experiments (DOE)  
Process Design  
Parameter Design  
Applied Mathematics  
Artificial Intelligence, Neural Network and Fuzzy Systems  
Biomedical Engineering  
Chemical and Bioprocess Engineering  
Civil Engineering  
Coding and Cryptography  
Communications and Networking  
Computer Engineering  
Control Engineering  
Computational Economics and Management Science  
Electrical and Electronics Engineering  
Engineering Systems Management  
Environmental Science and Engineering  
Mathematical and Computational Engineering  
Mechanical Engineering  
Numerical Analysis  
Numerical Methods and Data Analysis  
Operations Research and Financial Engineering  
Petroleum Engineering  
Statistics and Probability
